A first impression that feels like a boutique

Soft blush tones, elegant serif type and a hero photo that sells the product before a single word is read.

1. **Clean navigation**
   Home, Shop, Pearl Hangers, Pearl Keyrings, About and Contact: everything one tap away.

2. **Search, wishlist & live cart**
   Customers can search, save favourites, and see their cart count update instantly.

3. **Brand-first headline**
   “A Little Luxury in Every Detail” sets the premium tone straight away.

4. **Clear call-to-action**
   Two buttons guide visitors straight to the collection.

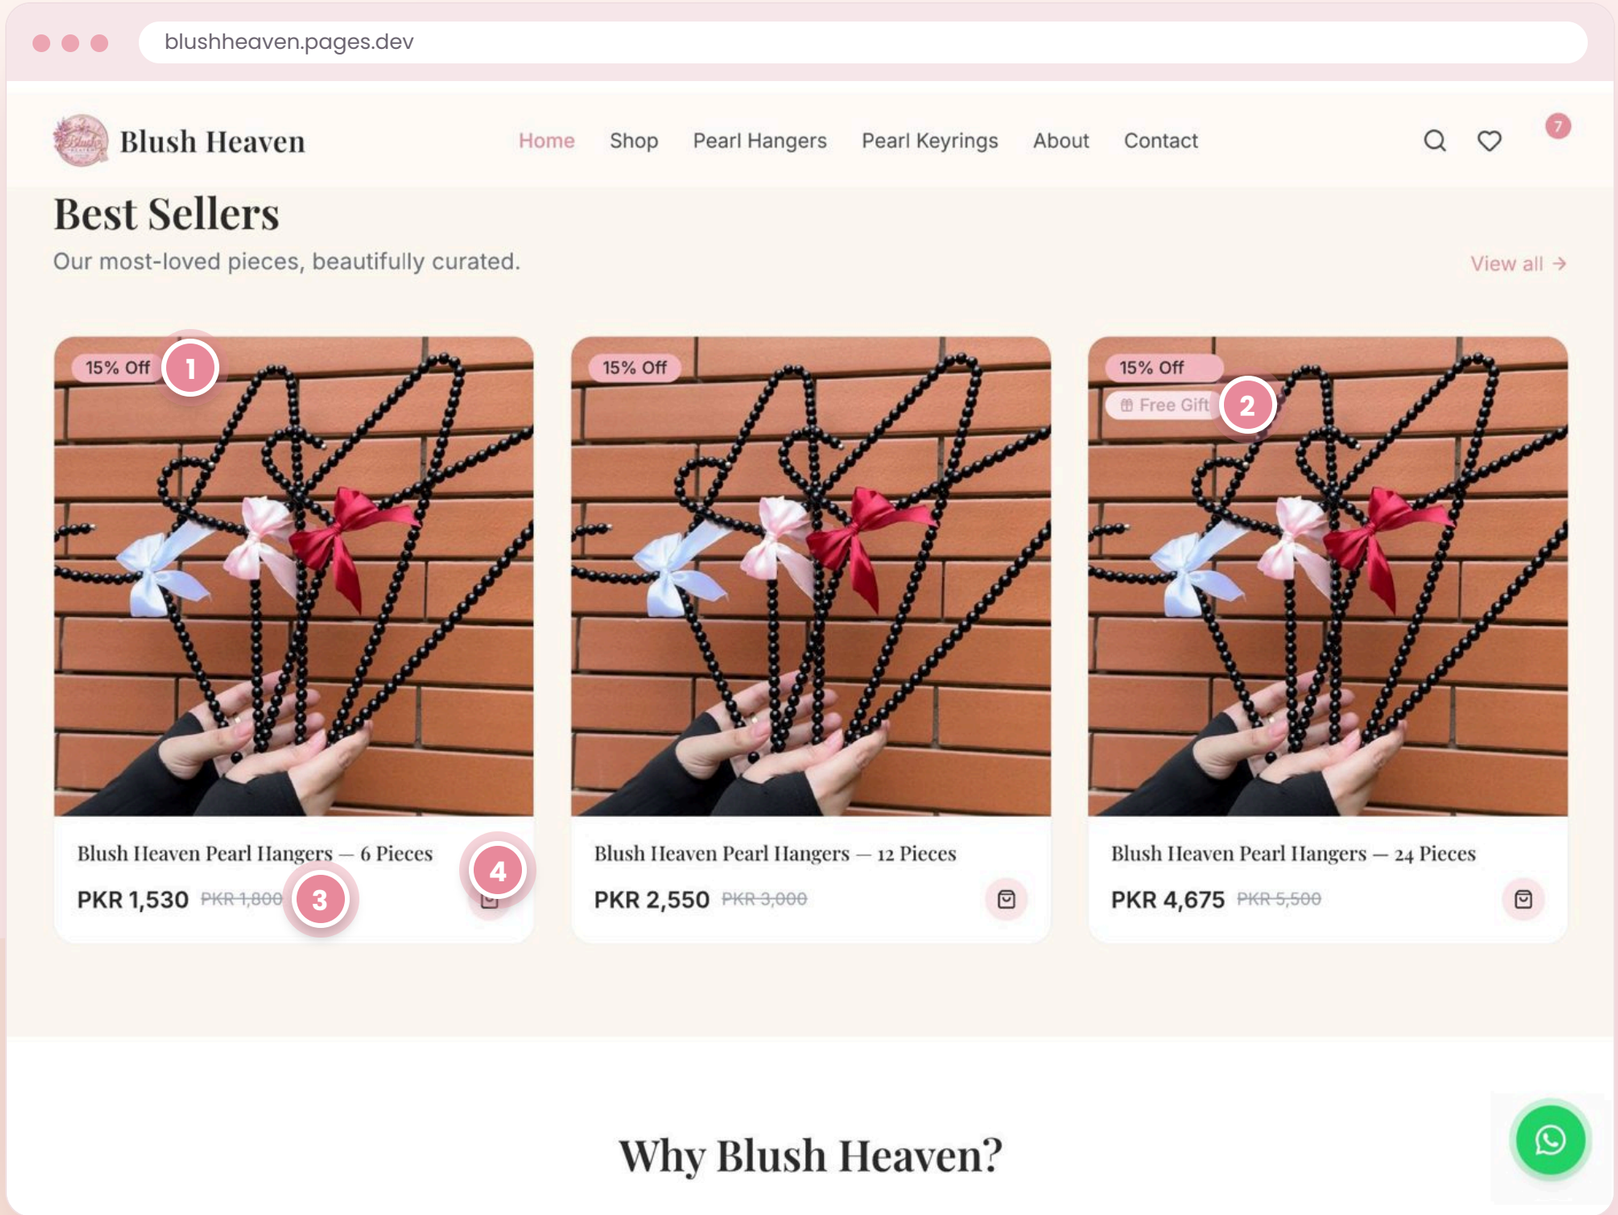

5. **Hero lifestyle photo**
   A large, rounded product photo with soft shadow draws the eye.

6. **Floating WhatsApp chat**
   Customers can message the store from any page, ideal for Pakistan’s WhatsApp-first shoppers.

02 · BEST SELLERS

Products that are made to be tapped

Sale prices, discount badges and quick add-to-cart on every card.

1 **Discount badges**
"15% Off" tags make savings obvious at a glance.

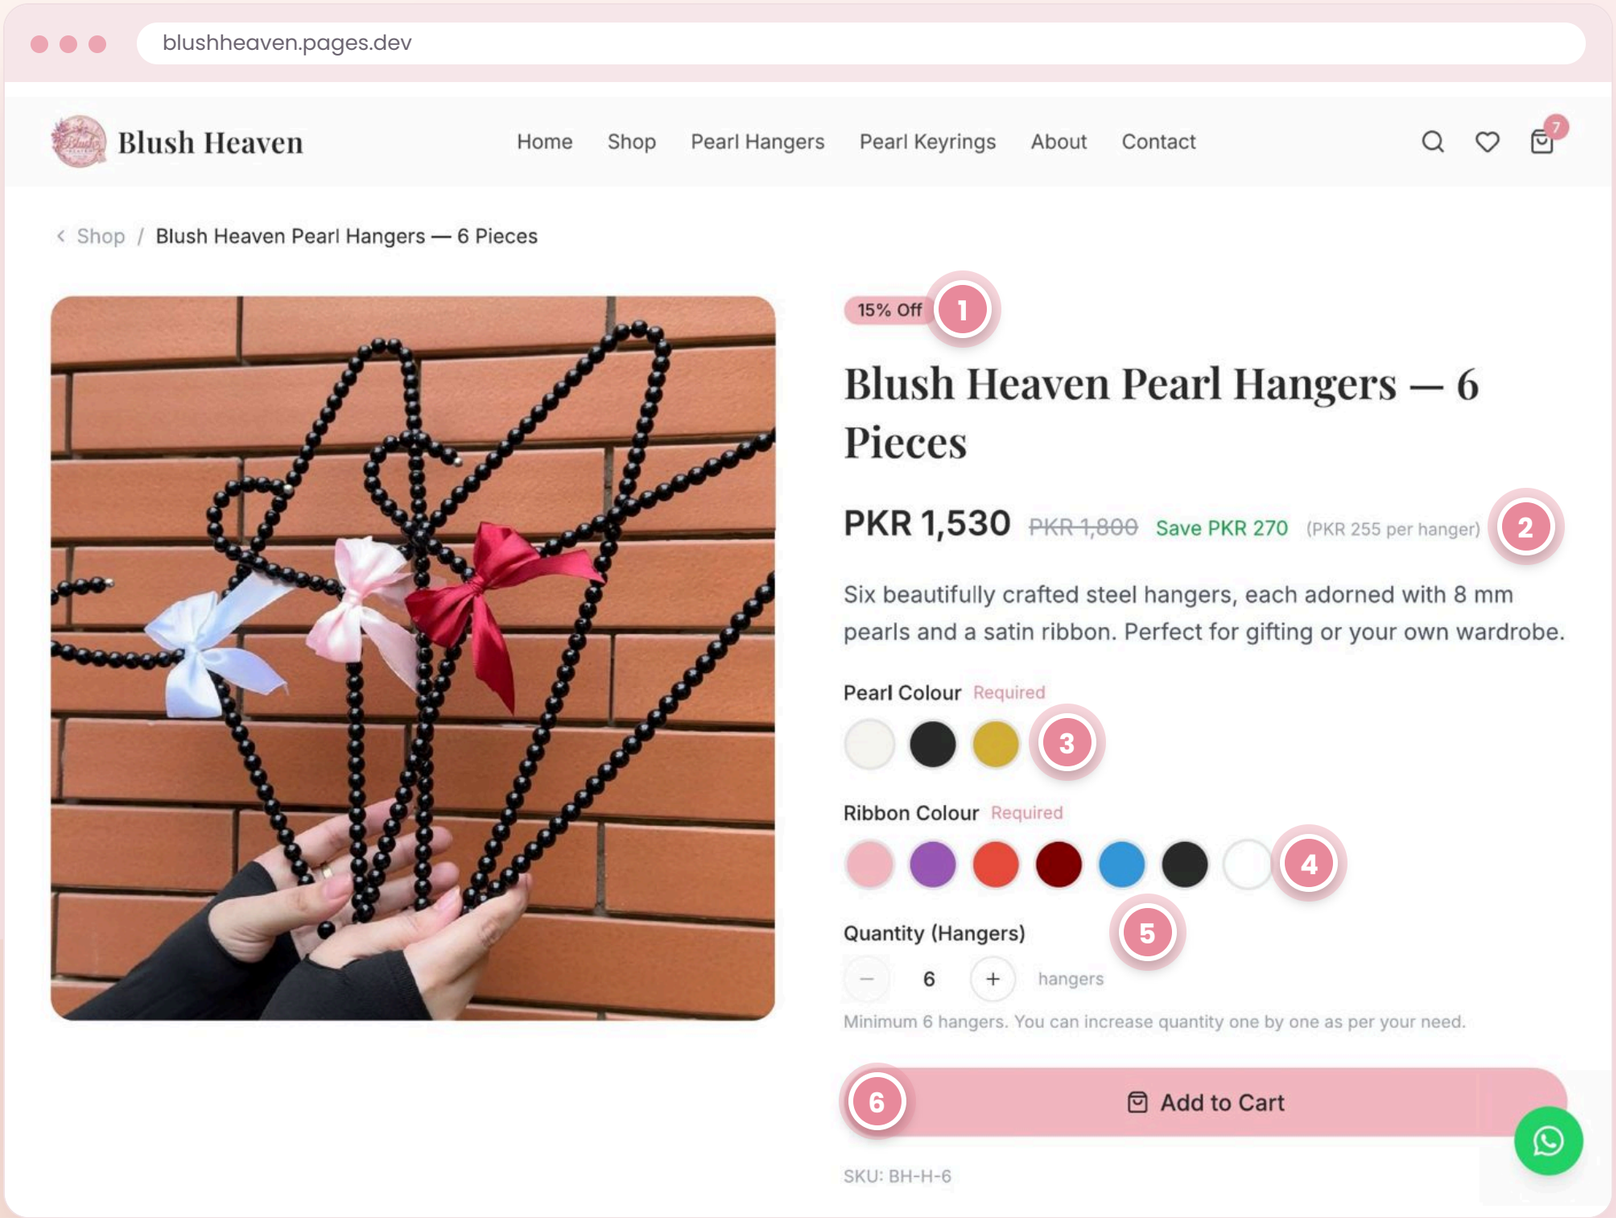

2 **Free Gift tag**
Bigger bundles get a special highlight to lift order value.

3 **Price with strike-through**
Sale price shown beside the original so the saving is clear.

4 **Quick add-to-cart**
A one-tap cart button on each card.

Customers design their own set

The star of the store: pick a pearl colour, pick a ribbon colour, choose a quantity, done.

Choose your look: **Ivory pearls + Pink ribbon**

3 pearl colours × 7 ribbon colours = **21 combinations**

1 **Discount badge**
"15% Off" shown right on the product.

2 **Price & savings**
PKR 1,530 with the old price struck through, "Save PKR 270" and the per-hanger price (PKR 255).

3 **Pearl colour selector**
Ivory, black or gold: tap a swatch to choose. Marked as required so no order is incomplete.

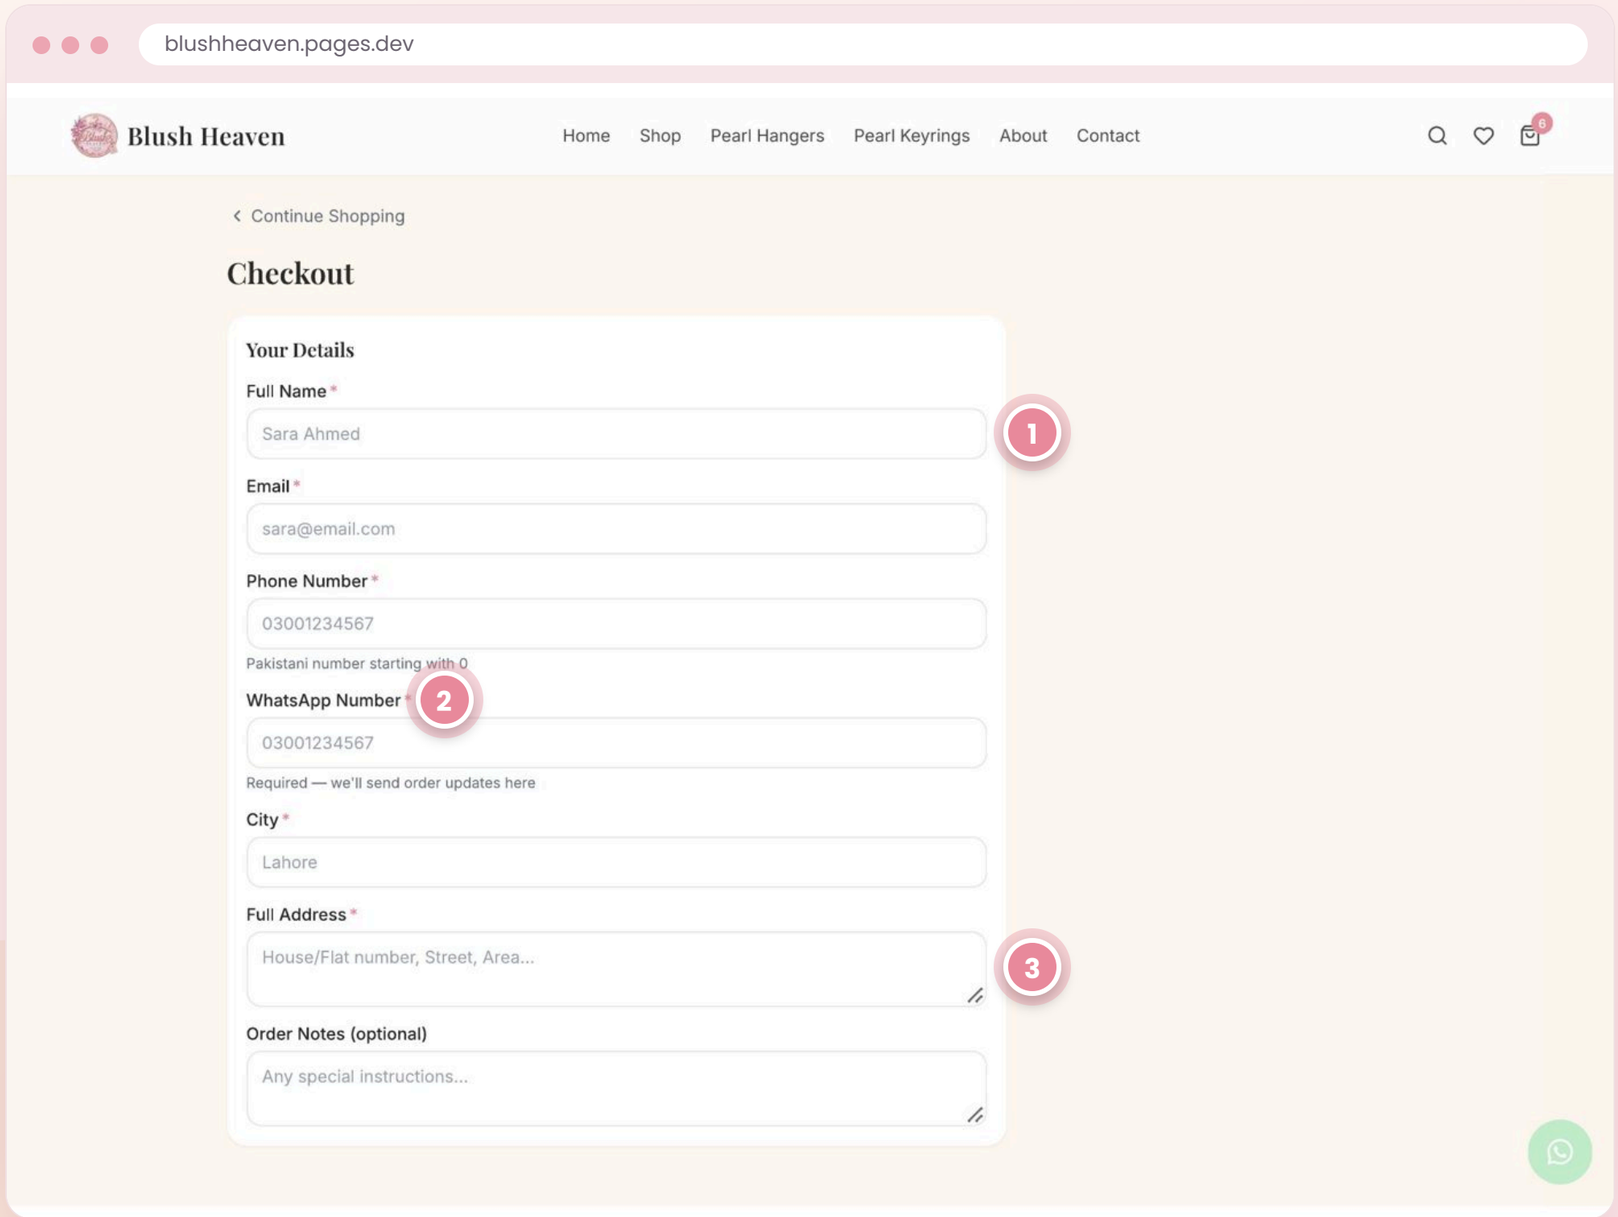

4 **Ribbon colour selector**
Seven satin-ribbon colours, from blush pink to maroon.

5 **Smart quantity control**
+ / - buttons with a clear minimum-order note.

6 **Add to Cart**
A large, soft-pink button that's impossible to miss.

A checkout built for how Pakistan shops

Short form, WhatsApp updates, and payment choices customers trust.

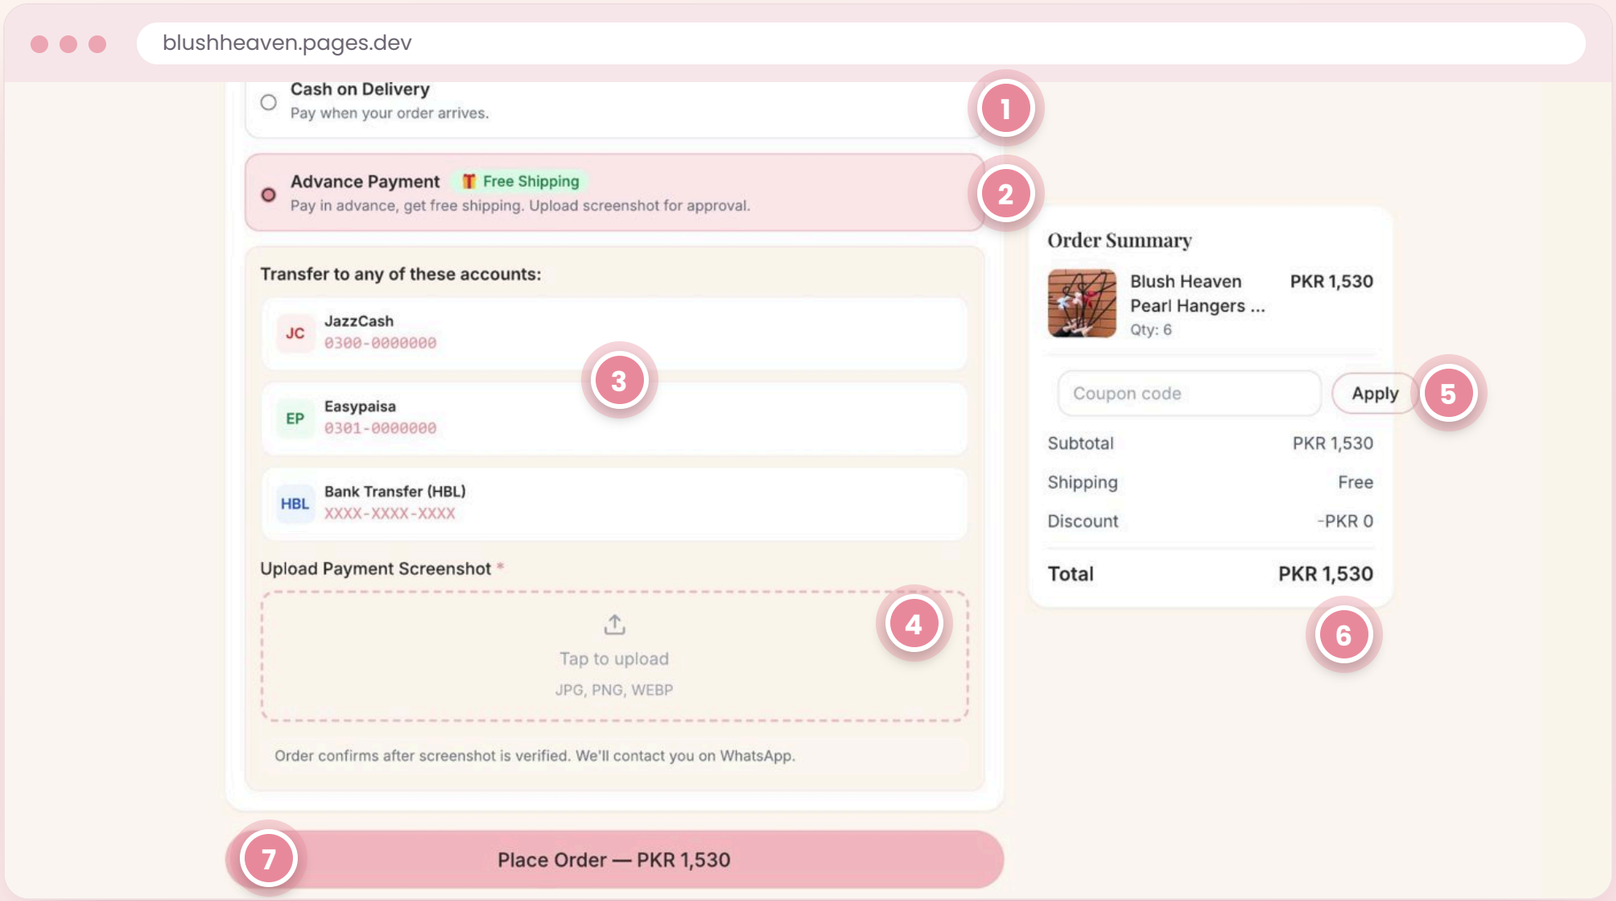

1. **Short, friendly form**
   Name, email, phone, city and address, with helpful placeholders.

2. **WhatsApp order updates**
   Customers get confirmations on the app they use every day.

3. **Delivery address & notes**
   Full address plus optional special instructions for gift orders.

Cash on Delivery or pay in advance, their choice

Advance payment is rewarded with free shipping.

1. **Cash on Delivery**
   Pay when the order arrives: removes the trust barrier for first-time buyers.

2. **Advance payment = free shipping**
   A built-in incentive that gets money in upfront.

3. **JazzCash, Easypaisa & bank transfer**
   The payment methods Pakistani customers already use.

4. **Screenshot upload**
   Customers upload proof of payment; the order is confirmed after verification.

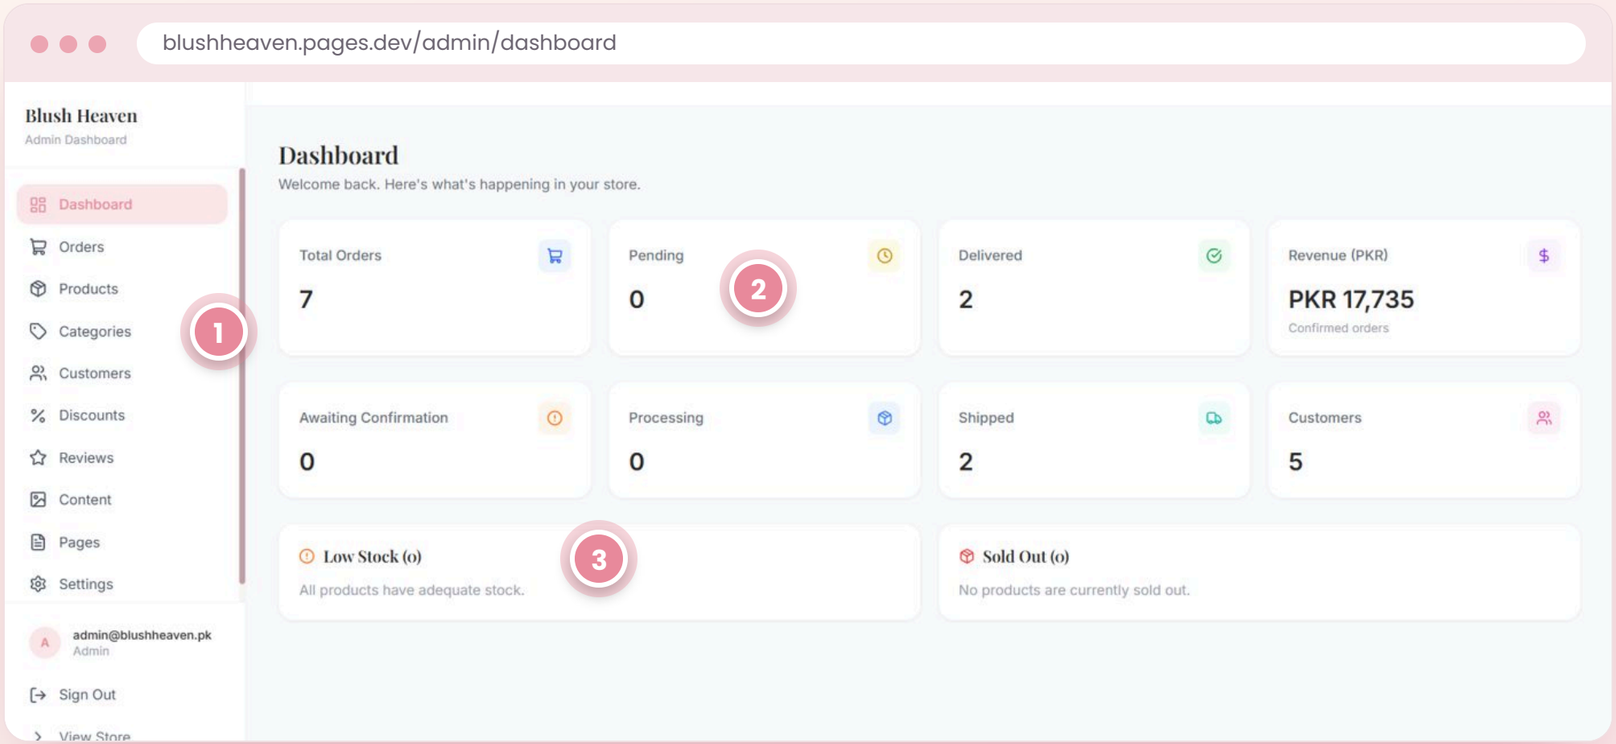

5. **Coupon code**
   Discount codes apply right in the order summary.

6. **Live order summary**
   Subtotal, shipping, discount and total, always visible.

7. **Place Order**
   One big button showing the exact total.

And the owner gets a real control panel

Orders, stock and revenue at a glance, no coding needed to run the store.

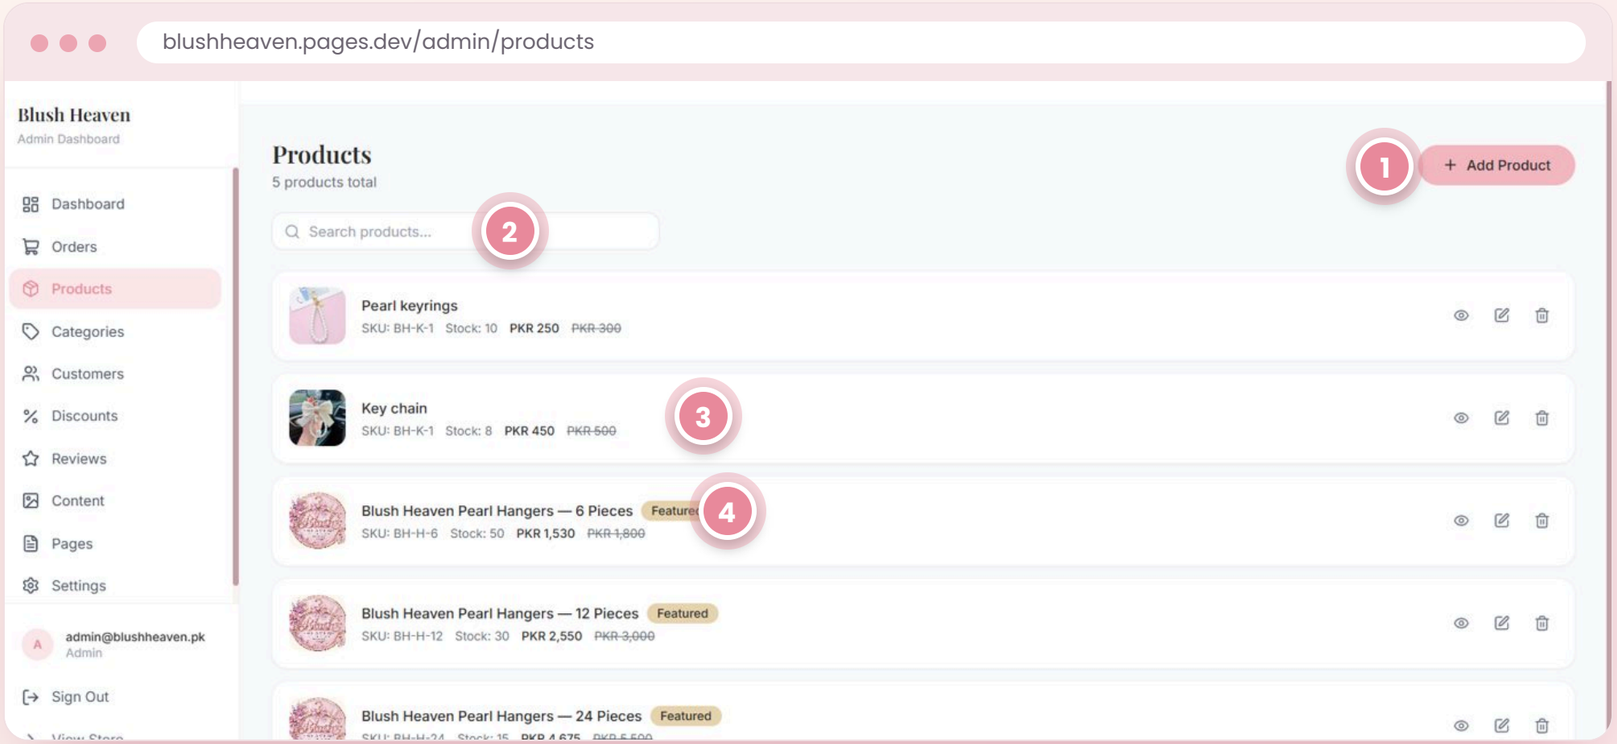

1. **Everything in one menu**
   Orders, Products, Categories, Customers, Discounts, Reviews, Content, Pages and Settings.

2. **Live sales snapshot**
   Total orders, pending, delivered, shipped, customers and revenue in PKR.

3. **Stock alerts**
   Low-stock and sold-out warnings so nothing sells out unnoticed.

Adding and editing products takes seconds

Stock levels, SKUs, sale prices and “Featured” flags in one tidy list.

1. **Add Product**
   Launch a new item in a few clicks.
2. **Instant search**
   Find any product by name.
3. **Stock, SKU & pricing**
   Every product shows stock count, price and original price.
4. **Featured flag**
   Choose which products appear as Best Sellers on the home page.
